PROFESSIONAL SUMMARY

Aspiring and motivated Software Developer with strong foundation in full-stack web development and proven problem-solving skills. Currently pursuing B.Tech in Computer Science and Engineering at Gurugram University, with expertise in Data Structures and Algorithms demonstrated by solving over 100 problems on LeetCode. Skilled in JavaScript, Node.js, PHP, and modern frameworks, eager to contribute to innovative and efficient software solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design, UI/UX Principles
- **Backend:** Node.js, Express.js, PHP, Laravel, RESTful API Development, Server-Side Logic, Authentication
- **Databases:** MySQL, MongoDB, Database Design, Query Optimization
- **Tools & Technologies:** Git & GitHub, SEO Basics, Web Performance Optimization, C++
- **Core Competencies:** Full-Stack Web Development, Data Structures & Algorithms, Problem Solving, Analytical Thinking, Agile Development Methodology

PROJECTS

Full-Stack E-commerce Platform

- Developed a fully functional e-commerce platform using Next.js, Node.js, Express.js, and MongoDB
- Implemented user authentication, product catalog, shopping cart, and secure payment gateway integration
- Designed responsive UI ensuring optimal experience across devices
- Integrated order management system enhancing operational efficiency

Dynamic Blog & CMS

- Created a content management system with Laravel, PHP, MySQL, and JavaScript
- Developed role-based admin panel with CRUD operations for blog posts, categories, and user management
- Built dynamic frontend interface with search functionality for enhanced user engagement

API-Integrated Weather Dashboard

- Built interactive dashboard displaying real-time weather data using JavaScript, HTML/CSS, and Weather API

- Implemented location-based weather fetching and 5-day forecast
- Designed responsive UI with intuitive data visualization

ACHIEVEMENTS & CERTIFICATIONS

- Solved 50+ problems on LeetCode, demonstrating strong analytical and algorithmic skills
- Regular participant in coding challenges and contests to sharpen problem-solving abilities

EDUCATION

Bachelor of Technology in Computer Science and Engineering
Gurugram University, Gurugram, Haryana

- Expected Graduation: June 2027
- GPA: 7.1
- Relevant Coursework: Data Structures, Algorithms, Database Management Systems, Web Technologies, Software Engineering

PROFESSIONAL DEVELOPMENT

- Active GitHub contributor with multiple project repositories
- Maintains personal portfolio showcasing projects and technical skills
- Continuous learning through online coding platforms and staying updated with industry trends

ADDITIONAL INFORMATION

- **Languages:** English (Professional Proficiency), Hindi (Professional Proficiency)
- **Soft Skills:** Strong analytical and problem-solving abilities, excellent communication and collaboration, adaptability, attention to detail, commitment to quality
- **Availability:** Open to internships, entry-level positions, and collaborative projects; willing to relocate or work remotely
